

## County Treasurer Gives Bank Deposit Figures

### Charges Political Attempt to Mislead Voters by Publication of Incorrect Records—How County Funds Are Deposited—All Funds First Go In One General Depository—Under Republican Treasurer, County Gets Interest.

To the Citizens of Ulster County.

Monday morning, Honorable John G. Van Etten came to the County Treasurer's office in my absence and without inquiring for me, or my deputy, demanded from the lady stenographer, then in the office, that she show him the bank deposits made by me in the several banks of the county.

Last night's issue of The Freeman contained a political advertisement entitled "To Public Opinion," which sets forth what purports to be the amount of deposits made by me in several banks, presumably based on the figures obtained by Mr. Van Etten, which figures, as stated in the political advertisement, are incorrect, incomplete and misleading, and it is quite apparent they were so intended to be.

The balances in the several banks of this county on January 1st, 1925, the deposits made by me from that date to now; the withdrawals on each of such banks and the present balances in the several banks in the county are as follows:

| Name of Bank.   | Balance on Jan. 1, 1925 | Deposits since Jan. 1, 1925 | Withdrawals since Jan. 1, 1925 | Present Balances |
|---|-------------------------|-----------------------------|--------------------------------|------------------|
| Kingston Trust Co. (over draft)                         | \$ 2,866.62             | \$1,378,401.41              | \$1,336,909.95                 | \$ 38,624.83     |
| Kingston Trust Co. (Central Branch)                     | 18,936.12               | 32,575.02                   |                                | 51,511.14        |

| Walkill National Bank                                   | 8,040.01                | 11,216.88                   | 19,256.89                      |                  |
| Kerkonkson National Bank                                |                         |                             |                                |                  |

In addition to the above deposits the county clerk has made the following deposits in banks:

|   |             |
|---|-------------|
| Kingston Trust Company (clerk's receipts)               | \$10,341.16 |
| State of New York National Bank (auto license fees)     | 221,895.79  |
| State of New York National Bank (mortgage tax receipts) | 25,225.67   |

The Kingston Trust Company is used by me as a clearing house for all funds coming into my hands. That is, all moneys payable to me as county treasurer or received by me are immediately deposited in the Kingston Trust Company, and are then checked out to the other banks where deposits are kept. This accounts for the greater amount of deposits in the Kingston Trust Company than in other banks. Furthermore, it is necessary to have one bank in which there is a substantial balance at all times to meet drafts by the Highway Department for county highway construction and other large items. Beginning about September 1st, the drafts on the county treasurer's office are most heavy, and it is then that we commence to draw down on the balances in the various depositories, and until taxes are again collected, these balances must of necessity be small.

I desire also, to call to Judge Van Etten's attention and to that of the public, that the Democratic incumbents of the office of county treasurer never collected any interest on county deposits, while I am requiring each bank to pay three per cent (3%) interest on all monthly balances, which interest thus far this year amounts to \$9,591.96, a substantial item to the county.

If, in the future, the Honorable John G. Van Etten, or any other person desires to obtain any details or figures concerning my office, I request that he, or they show me the courtesy by applying to me personally rather than to the office lady stenographer who is in no way responsible for the policy or conduct of the office of county treasurer. I have the honor to be the incumbent of that office, as the choice of the people of Ulster county, and I unhesitatingly assume the responsibilities for the conduct of that office.

Dated, October 27th, 1925.  
WILLIAM H. VAN ETEN, County Treasurer.

## Skeleton That Of Insane Man

The skeleton of a man that was found in a swamp near Ohlerville on Saturday by George Allen, as told in Monday's Freeman, has been identified as that of Dandio Camello, 48 years old, an Italian resident of that section who disappeared in April, 1923, while papers committing him to an insane asylum were being prepared. Camello came to this country fourteen years ago and made his home with his brother. His actions caused the suspicion of insanity and when examination proved the truth of the theory, action for his commitment to an institution was commenced. He disappeared while the papers were being prepared. The identification was made by relatives who pointed out that the trousers were rolled up as were those of Dandio when he disappeared. The overcoat was similar, too. Burial of the skeleton was made Monday.

**Bishops Visit Pope.**

Rome, Oct. 27.—The Pope today granted audiences to Monsignor Feehan, bishop of Fall River, Mass.; Monsignor Rice, bishop of Burlington, Vermont; and Monsignor O'Leary, bishop of Springfield, Mass.

## Alienation Suit Gives Promise of Many Sensations

Brought Against Famous Sculptor and Artist by West Park Man—Sculptor Claims Plaintiff and Wife Are Living Together and Charge Frame-Up.

An action for alienation of affections which promises to provide some sensations was taken up in the Supreme court Monday afternoon when an action brought by Odo A. Broglio of West Park against Antonio Belo of New York city was called for trial.

Broglio conducts a boarding house at West Park and he claims that Belo, famous sculptor and artist, stole the affections of his wife through the making of costly presents and by circulating false tales.

The defense is a denial and in opening the case Ernest M. Garbe of New York, attorney for Belo, stated that there would be testimony introduced which would cause a sensation. He denied that Belo had stolen the wife's affections and stated that Broglio and his wife always had resided together and did so at present. He stated that Belo had given assistance to the young couple at West Park when they needed financial assistance and that he had agreed to take a mortgage on the premises when it was placed.

**Belo Sued Broglio.**

The mortgage, amounting to \$2,500, was never paid and Belo sued the Broglio family in Queens county to recover the moneys loaned. He secured a judgment and then found that Mr. and Mrs. Broglio had transferred title in the place to Mr. Broglio's brother a short time prior. Mr. Garbe charged that the action for alienation of affections was brought to stay the action to recover for the moneys loaned. He stated that if the action to recover the \$2,500 had not been brought in Queens county the present action would never have been brought to trial.

**Belo is Famous Sculptor.**

Belo, who resides in New York city, is a famous Italian sculptor and artist as well as an architect. He has been knighted by the royal family of Italy as well as by the Pope for his work in religious lines. Belo is a widower, 65 years old, with a family of eight children.

In his opening remarks to the jury, Andrew J. Cook, who appears with his partner, Judge John G. Van Etten, stated that it would be proved during the trial that Belo had by his costly gifts and misleading stories won the affections of Mrs. Broglio. The Broglios were married about ten years ago and about five years ago came to West Park where they purchased a place and started out to keep boarders.

**Reason for Offering Aid.**

Belo came to board there and with his children spent some time there. His offer to aid the struggling couple and the plaintiff claims exercised a great amount of fatherly advice to the family affairs. He made many costly presents to Mrs. Broglio and as a reason at first said she resembled a daughter whom he had lost and for this reason he desired to make presents to her.

He frequently visited the place and Mrs. Broglio spent considerable time in New York, said Mr. Cook. Among the presents it is alleged she accepted from Belo was a seal skin coat, string of pearls, rings, watch, a manicure set and other articles of great value.

**Says Gifts Influenced Her.**

By reason of these presents it is alleged in the complaint that she became a victim of Belo's charm and that he finally suggested she leave her husband and come and live with him. It is alleged by the complaint that Belo promised to give her a life of ease and luxury and promised to build for her a villa and name it after her. He prepared plans of the proposed place.

Later he told her she was ill and told her of her husband's broken faith to her. He told her her husband was going with other women and she finally became cold to her husband and distant. For all of these things the plaintiff seeks to recover \$25,000 from Belo.

**The Sculptor's Story.**

Mr. Garbe in opening his case denied all of the charges and stated that the interest in the Broglios was simply to assist them. He charged that the plaintiffs came to West Park and bought a place for about \$500 and started to take boarders. They struggled along and in 1923 two of Belo's daughters came to West Park to board. At the close of the season Belo came to take them home. This was his first visit to the place and he told the Broglio family that he could as an architect do a lot with their place. He drew plans for them and they had no money to make improvements. Belo then offered to loan them money to make improvements and gave them \$2,500 which he says was to be repaid when they had been able to place a mortgage on the place after the improvements had been made.

They failed to repay him and he commenced an action in Queens county to recover. It was then that the present action was commenced. He secured a judgment and when the sheriff of Ulster county attempted to satisfy the judgment he found that the property at West Park had been decided over for \$1 to the plaintiff's brother.

**Charge Case is Frame-Up.**  
Mr. Garbe charged that Mrs. Broglio was living with her husband

## No Settlement In Coal Strike

There Are No Prospects of Immediate Settlement of the Strike of Anthracite Miners—Strike May Result in Great Hardship in Eastern Localities.

By Telegram to The Freeman  
Philadelphia, Pa., Oct. 27.—Rumors notwithstanding, there are no prospects of an immediate settlement of the strike of 155,000 anthracite coal miners.

This was frankly stated today by both leaders of the operators and the striking miners.

"There is no truth whatever in the rumors of a settlement and no immediate prospect of any," bluntly declared Samuel D. Warriner, spokesman of the operators.

Warriner made this statement to General Charles W. Berry, chairman of the New York State Coal Commission, who came here to see if there was any truth in the peace rumors.

The coal situation in New York and in other eastern localities, is becoming acute and if the strike is not settled may result in the greatest hardship and discomfort.

Warriner strongly endorsed General Berry's proposition for retail dealers in New York city to lay in a stock of soft coal.

John L. Lewis, president of the United Mine Workers of America, is equally pessimistic regarding peace prospects. To newspapermen Lewis declared the miners are standing firmly for the demands served on the operators, which include a ten per cent increase in wages and continuance of the check-off system, whereby the operators collect dues for the union.

**Levine Says He Can't Give Bail**

Indicted for Manslaughter, Objects to \$5,000 Bail and Renews Objection When It Is Lowered to \$4,000.

When arraigned in the Supreme court Monday afternoon Henry Levine, indicted for manslaughter, second degree, entered a plea of not guilty. Judge William D. Cunningham asked for him. Judge Cunningham asked that bail be fixed. District Attorney Traver suggested that \$5,000 bail be fixed, the amount which Levine was placed under by Judge Fowler when arrested on the charge of having struck David Schwartz on the Ellenville-Wurtsboro road with his automobile which resulted in the death of Schwartz.

Judge Cunningham asked that the amount be reduced on the grounds that his client could not supply such an amount. Mr. Traver objected to the amount being reduced, stating that after the accident Levine returned to New York without reporting the accident and that it was a month before he was located. At the suggestion of Judge Hasbrouck \$4,000 bail was named but Mr. Cunningham objected to that amount, stating that it would be impossible for his client to furnish that amount. He opposed having the case referred to the county court and asked that the matter be held until Wednesday. It was held until that time when bail will be fixed.

The other cases were transferred to county court for trial.

William Moore and the Cashdollar entered pleas of not guilty to the charges in the indictments. Moore, indicted for grand larceny, had no funds to obtain counsel and counsel will be assigned by the county court. Brinlinger & Canfield appeared for Cashdollar, who is charged with maintaining a disorderly house, a public nuisance and abduction.

**ARREST WOMAN WHO HAD STOLEN AUTO**

Sophia Corvet, aged about 25, of Spanish descent, was brought to the Ulster county jail after midnight Monday night to be held to await the action of the grand jury on a charge of grand larceny. She was committed by Judge Joseph Deyo of Gardiner. The woman told Deputy Sheriff Joseph that she was married and the mother of four children. Monday afternoon a Studebaker touring car had been stolen from under the Thomas Callahan hotel shed at Gardiner and later the woman was seen running the stolen car and was arrested. She claimed to own the car, stating her husband had given it to her in Connecticut where they lived. She was unable, however, to tell when she gave her the car. It was said that a man had been seen with her in Gardiner but he could not be located.

and had always lived with him. He alleged that the case was a frame-up and charged that if the action for \$2,500 in Queens county had not been brought the present case would never have been brought to trial. He promised sensations in the testimony during the trial of the case which was taken up for trial this morning at the opening of court.

## Prisoners Have Chance to Escape, Says Grand Jury

Opportunity Offered in Crowded Corridors and Through Motorists Who Can Park Close to Jail Windows—Another Jail Entrance Recommended—Praise for Public Officials.

In submitting its report to the court Monday afternoon the Grand Jury in attendance at the October term of the Supreme court also handed up a resolution commending the county officers in charge at the county jail, the district attorney and his assistants and at the same time making certain recommendations for the improvement of conditions at the jail. The members of the Grand Jury inspected the county jail just prior to adjourning and after carefully going over the premises decided that conditions were not just as they should be in regard to the proper receiving of prisoners and also so in regard to the parking grounds which adjoin the jail.

**Present Opportunity to Escape.**

At present there are no means of receiving prisoners except at the front or public entrance of the court house. At times when courts are in session and many people are congregated in the corridors there is danger of prisoners escaping. The members of the Grand Jury suggested that a small room be built at the rear of the court house giving access to the rear yard and providing also for an office for the jailer at the main entrance to the jail. They also recommended that a proper cage be built where prisoners may be brought from jail and confined while conversing to persons outside. At present there is no place where prisoners and visitors may converse and still be separated from each other while under the view of the jailer. The practice is to allow visitors in the jail where they converse through the bars of the cage.

**Danger Lurks In Autos.**

In regard to the parking grounds which have been congested at the rear and alongside the southern side of the jail the Grand Jury recommends that a fence of suitable height be erected about the jail to prevent the public from passing directly to the jail walls. At present it would be an easy matter for a car to park directly under the jail windows and for anyone to hand in articles to the trustees who are allowed in the jail corridors. There is nothing to prevent a prisoner making a quick escape in case he breaks jail. A suitable fence about the jail would at least detain an escaping prisoner for a time and allow the officials to give the alarm.

**Grand Jury's Memorandum.**

The grand jury in attendance at the October, 1925, term of the Supreme court of Ulster county, respectfully files with the court at this time the following memorandum:

During the present session of the grand jury we have examined into and considered a number of cases, as more fully appears by the indictments and recommendations of dismissions filed herewith. Inquiry into these cases required the appearance before the grand jury of a great many witnesses, the testimony of all of whom was heard and considered by our body. During the sessions of the grand jury and the inquiry into the cases brought to our attention we have been in close contact with District Attorney Frederick C. Traver and Assistant District Attorney Cleon B. Murray, who have conducted the examination in all matters presented before our body. We heartily recommend the district attorney and the assistant district attorney for their thorough knowledge of criminal matters and the law pertaining to the same, for their unflinching courtesy toward jurors and witnesses, for the thoroughness and consideration of the interests of the taxpayers and for their unwavering loyalty to the community so ably represented.

The Ulster county jail has been inspected by us. Its clean condition and excellent care given by Sheriff Herman S. Wells and his assistants are deserving of praise and should be known to the public.

In connection with our visit to the Ulster county jail we find however that there are not the proper means of receiving prisoners at the institution. At present the prisoners are received at the jail through the front entrance and taken to the sheriff's office where frequently there are numerous persons. This procedure of receiving prisoners in a crowded, public office is dangerous as was demonstrated recently when a prisoner escaped from the officers in charge. There should be a means of receiving prisoners at the rear of the court house and nearer the jail entrance. At present after a prisoner is received at the front office it is necessary for the jailer to escort his prisoner often through crowded rooms along a long corridor to the jail entrance. There is no jailer's office at present.

We believe this condition could be relieved by the building of a small addition at the extreme end of the

## Resignation of Painleve Cabinet Is Accepted

Refusal of M. Caillaux to Retire From Cabinet Forced Entire Cabinet to Resign—Painleve Has No Idea Who His Successor Will Be.

By Telegram to The Freeman.  
Paris, Oct. 27.—Facing certain defeat in parliament on its financial policy the Painleve cabinet today resigned and the resignation was accepted by President Domergue.

Failure of M. Caillaux, finance minister, to bring forth a financial policy that met with the demands of the parliament, and refusal of Caillaux to retire from the cabinet forced the entire cabinet to resign.

The decision to resign was reached at a morning session of the cabinet but the resignations were not handed to the president until 2 o'clock this afternoon, having been withheld in order that M. Briand might preside over the League of Nations council.

**Future Uncertain.**

The future is uncertain. M. Herriot, former premier and leader of a strong left party, has already refused to form a cabinet, it is reported.

The impression prevails that M. Painleve may be induced to reform a cabinet without Caillaux, but giving representative to the Socialists and the supporters of Herriot.

"I decided to resign last Friday, conforming to the wishes of my colleagues," said M. Painleve. "Nevertheless, we wished to see M. Briand, armed with official authority in attempting to prevent war by pacification in the Greco-Bulgarian incident."

**Will Not Affect Locarno.**

The general opinion is that the resignation will not affect the Locarno pacts, but its effect upon the American debt settlement is questionable.

Initiation seems to be certain under any new cabinet, and it is most probable that concessions will have to be made to the large group in the chamber demanding a capital levy. M. Caillaux's flat refusal to treat with the demands for a capital levy has been largely responsible for the present situation.

**Successor Unknown.**

Painleve said he had no idea who would succeed him.

"I haven't any idea who President Domergue will select as my successor," said the former premier.

**DIVORCE GRANTED IN SCHUBERG CASE**

An interlocutory judgment of divorce has been granted plaintiff by Justice Joseph Morchauer at Poughkeepsie in the action brought by Elsie L. Schuberg against Louis L. Schuberg on statutory grounds. Plaintiff is given \$20 a week alimony and defendant is ordered to pay plaintiff \$51.37 for her costs and disbursements. The parties were married in Kingston on September 28, 1922. Arthur C. Connelly is attorney for plaintiff. Defendant has been living in Newburgh.

**FIFTY DEAD AND WOUNDED IN BULGARIA**

By Telegram to The Freeman.  
Sofia, Oct. 27.—Fifty dead and wounded is the total cost of life in Bulgaria as the result of the clash with Greece and the Greek bombardments of Bulgarian territory, it was stated today.

Twenty-six of the casualties were soldiers and the remainder civilians. Eleven Bulgarian soldiers have disappeared and it is not known whether they are dead or have been captured.

jail corridor which could be used as an office for the jailer. This office could be erected on the north side of the present corridor and should be of a size to care for the office, 10 by 15 or 20 feet in size, and also sufficiently large to provide for a place where prisoners might be brought to confer and talk with persons outside the jail. There is no place where a prisoner may be brought at present to talk with persons outside the jail. Such a place should be provided. A portion of the jailer's office properly screened off would give this needed room which would at all times be under the view of the jailer. At present with no place to interview prisoners outside the jail it is necessary for visitors to go into the jail and converse through the cage.

We further observe that the present conditions at the parking grounds at the rear and side of the jail are too public and give too close access to the jail proper. The jail is too open to the public parking grounds and there is too free access to everyone. A fence placed at a reasonable distance from the jail proper would not only keep the public from passing directly to and past the jail windows but would also act as a barrier in case a prisoner should escape from the jail.

In our closing session we desire to thank the district attorney, his assistant, Sheriff Wells and his assistants, our clerk and our stenographer, William P. Glass, and the court officers for the numerous courtesies extended to the grand jury during its session.

Dated, Kingston, N. Y., October 24, 1925.

## Lawatsch Tells Tale of Bandits

Anthony Lawatsch Tells Harrowing Tale of Being Pursued by Hold-Up Men—Crashed West Shore Crossing Gates—Warrant Out for His Arrest.

Anthony H. Lawatsch of No. 51 Summer street entered police headquarters shortly after midnight this morning and told Sergeant James V. Simpson a startling tale of having escaped from two hold-up men who had attempted to hold him up twice the same night. Lawatsch was bleeding from a wound in the right side of his head. In making his escape Lawatsch said he was forced to drive his car through the lowered West Shore crossing gates on the Saugerties road. He brought some pieces of the broken gates and also glass from his windshield to headquarters.

Shortly after 2 o'clock this morning Deputy Sheriff Michael McCullough of East Kingston appeared at headquarters with Frank Schermerhorn and Davis Smith, two young men of this city, who had gone before Justice Walter Webber and sworn out a warrant charging Lawatsch with reckless driving.

Deputy Sheriff McCullough said he had gone to the Lawatsch home but had not found Mr. Lawatsch there and he left the warrant with the police, asking them to serve it on Lawatsch today.

Mr. Lawatsch's story to the police was to the effect that he in company with a Mr. Tucker, a deep sea diver employed by the water board in making repairs to the water main crossing the Esopus creek, had been out electrofishing and were on their way into Kingston when the alleged hold-up occurred. When the two men attempted to stop him he drove on but later the men made a second attempt and in escaping Lawatsch said he was forced to drive his car through the lowered crossing gates.

As the alleged hold-up occurred outside the city limits the police did not make an investigation. The warrant for Lawatsch's arrest on the charge of reckless driving will be served on him today by the police.

**High School Reports Out.**

High School report cards have been issued for the first period, the pupils receiving the same last Friday. Parents are requested and urged to carefully examine these cards, then sign them and return them to the High School. Moreover, the parents are cordially invited to confer at any time with Principal Van Etten and the High School teachers relative to the school work being done by their children.

## Orphans, Victims Of Attacks Harry Souders Has Left Kingston

By Telegram to The Freeman.  
New York, Oct. 27.—Fourteen young girls, isolated in the Long Island Baptist Orphanage, Brooklyn, have been found to be victims of vicious attacks.

Wilson Johnson, superintendent, was under arrest today charged with attacking one of the girl inmates, all of whom are under 16. Three investigations into alleged immoral conditions in the orphanage were underway.

Officials of the Children's Society investigated the report of immorality in the institution and described the conditions as the "most shocking they ever heard." Wilson's arrest followed in connection with an alleged assault on 15-year-old Elizabeth Sullivan.

The investigation was begun when a woman turned over a letter from her niece, one of the orphans, who pleaded to be taken away from the orphanage because she was "afraid to stay any longer."

Johnson, arraigned in court, denied attacking any of the girls, but admitted hugging and kissing some of them "because he loved children." He is held in \$10,000 bail for examination tomorrow.

Mrs. Johnson said she believed in the innocence of her husband and would stand by him.

Johnson was formerly employed at the Grace Memorial Home at Piquetteville, N. Y.

## Increase in Building Plans

Building Work For Nine Months In New York State Is Ten Per Cent Over Similar Period In 1924—Increase Over August.

By Telegraph to The Freeman. Albany, October 27.—There was no abatement in the heavy building program in New York state. Twenty-three cities together issued permits valued at over 102 million dollars during September. In September 1924, the estimated cost of planned work was only 57 million dollars. The unusual activity of the third quarter brought building work for the nine months of 1925 10 per cent above that for a similar period in 1924. The increase came in commercial and industrial buildings as well as in residential.

The September figures exceeded August by about two and a half million dollars. The unusual feature in the increase for the state was that it appeared entirely outside New York city. The Westchester cities and several up-state cities were responsible for the September gain.

In New York city the reduction in building plans followed an exceptionally active August. It was also limited to Manhattan and Queens and appeared in residential buildings, apartments in the former and single dwellings in the latter. Both these classes had broken all records for the year in August.

Manhattan reported a total of \$30,000,000 for September. Factories and mercantile buildings advanced to a high point for the year as office buildings had done in August. Brooklyn came next with a total of \$20,000,000 as residential building and places of amusement gained. The Bronx had the busiest month of the year when the value of permits issued reached 16 million dollars. Of this three millions went for schools but apartments and non-residential construction went up also. Plans for building in Queens were a little above those for the Bronx, and Richmond kept almost even with August.

The four Westchester cities, Mt. Vernon, New Rochelle, White Plains and Yonkers, together issued permits which called for an expenditure of almost five million dollars, about three-fifths of which was for residential work. This was a decided increase over August which, however, was rather low and it was 75 per cent above September 1924.

Ten of the sixteen up-state cities reported September had been a more active month than August. This group included most of the larger cities of the state, Albany, Buffalo, Rochester, Syracuse and Niagara Falls. The most startling gain appeared in Albany where a school valued at a million and a quarter dollars was planned. In Buffalo more permits were issued but the total valuation for the month, \$2,600,000, was the same as that for Albany.

In Rochester and Niagara Falls, schools were important in bringing the value of permits above August. Building work in Syracuse progressed in all classes of construction. Permits issued in September passed previous months of this year and last in value.

Schenectady and Troy reported the lowest totals since February but in both these cities this followed an active August.

### PEA BLIGHT.

Caused 10 to 20 Per Cent Loss in 1925 Crop.

Pea blight caused a loss of from 10 to 20 per cent of the crop in this state during the 1925 season, according to a recent statement issued by the plant disease specialist at the State Agricultural Experiment Station at Geneva where investigations of canning crop troubles are receiving particular attention. The disease also materially reduced the quality of the canned product, it is said.

This disease, says the station specialist, may be carried over from year to year in the seed peas or it may live over winter in old pea refuse in the field. During rainy seasons it spreads rapidly in infected fields and may be carried from field to field by birds and insects.

Thorough plowing and cultivation of all fields that were planted to peas the past season is especially recommended to destroy the pea refuse on the ground. Precautions of this sort will aid materially in reducing the sources of infection of next year's crop.

The station plant disease specialist suggests further that the top and tide of pea silage pile be destroyed by burning, or piled and covered with earth for a year before using it as a fertilizer, as the pea blight organism can probably survive in the outer layers of the silage stack. Inside the pile the disease will probably be killed out and this material may be safely used as feed or spread on the land and plowed under.

Whether or not the disease has been prevalent in a field, peas should not be grown often than every four or five years on the same field.

### ZENA.

Zena, Oct. 26.—On Tuesday morning, October 26, a delegation of ladies from Zena attended a demonstration of aluminum utensils at the home of Mrs. William M. Bell. To say it was interesting would be putting it mildly. Mr. Bell, as a demonstrator and orator together with his scientific knowledge was well worth an audience. After demonstrating numerous articles of practical value to a housewife, assisted by Mrs. Smith and Mrs. Selbeck, a very palatable dinner was served and then served to the guests. Souvenirs of aluminum were distributed and a contest, the winner also receiving a piece of Weaver aluminum, was won by our recent bride of Zena, Mrs. Leslie A. Elwyn, now of Woodstock. Several orders were taken without hesitation. After spending a very enjoyable afternoon, many a wish was made for a repetition.

## Zena Country Club House Built

The much talked about club house of the Zena Country Club is completed with a few interior exceptions. In less than one month with very few men, all voluntary labor, wonders have been accomplished.

With a building 24x50, a large kitchen, stage, space for furnace, plenty of heat and light, the neighbors in Zena might well be proud to invite their friends and out of town neighbors to enjoy the hospitality of the ever faithful members of the Zena Country Club.

Not a day was overlooked by the ladies to see that the men were served hot coffee and dainty refreshments during the afternoon.

On Monday afternoon (thanks to the weather man—it rained in the morning) about fifteen men gave their help. Hammers flew fast and furious. Mrs. Klementis was hostess and all did justice to the repast.

Taking advantage of the coincidence that all of the board of governors were present, a short meeting was held during the partaking of refreshments—no time was wasted. Only suggestions and plans were outlined for our "Shadow Party and Chicken Supper" to be held on Halloween, Saturday, October 31, at 6:30 p. m., with dancing and good music later.

On Thursday evening a special meeting of all members was called to meet at the club house. Considering the short notice dependence was placed on the members to notify each other. Final arrangements were completed for music, refreshments, decorations, etc.

On Wednesday afternoon a committee of three, namely: Mrs. Dan Lynch, Miss Carrie Carnright and Mrs. Barry Oats, visited the local neighbors of Zena, Woodstock and West Hurley for subscriptions to equip our kitchen outfit. More than half was collected from non-members, which proves the interest and enthusiasm that is being centered on the progress and welfare of the Zena Country Club. It was impossible to visit all the members, therefore any member or non-member who might be interested can notify the secretary, Mrs. Barry E. Oats, Woodstock, N. Y., and will be gratefully acknowledged.

Many thanks to the ladies who gave cheer to the men during the past several days, including Mrs. Rudwall, Mrs. Lynch, Mrs. Krause, Mrs. Mellert, Mrs. Holminger, Mrs. Klementis and Mrs. Oats.

### MILTON.

Milton, Oct. 26.—Mrs. Philip Elting, Miss Baker and Mrs. Virgil B. Van Wageningen of Kingston visited with Mrs. William H. Ordway and Mrs. P. Lyons last Friday.

Mr. and Mrs. Joseph Young of New York have rented the new bungalow recently erected by Frank Dayton on Sands avenue and moved in last Wednesday.

The town banquet given in St. James's Hall last Wednesday evening by the Males and Matrons Club for the benefit of the Milton Library, was one of the most successful efforts of this club held in this village and there was a very large attendance. Every table was filled to its utmost capacity with diners who enjoyed immensely the bountiful dinner served. It was a chicken dinner. Seventy-eight chickens were contributed by local people. Besides chicken there were grape fruit, hot buns (home made), cranberry sauce, beefs, coffee and ice cream and cake and every one present did full justice in filling up on the delicious supply. The tables were decorated with candles set in carrels which had been made to take the place of candlesticks. Pumpkins hollowed out were filled with fruit, wreaths of bitter-sweet and barberry were also used for the decorations. The use of the hall was given free by the Rev. Father Tighe, pastor of St. James's Church. It was one of the finest examples of the unity of the churches in this place. Every denomination of churches was represented in the work of getting up and serving this banquet. Addresses were made by the following persons: R. W. Hallock, the Rev. W. A. Dalton of Highland, Mrs. E. A. Martin, president of the Males and Matrons Club; the Rev. J. H. Hurn, Mrs. M. H. Bell, Mrs. Edward Young, J. A. Driscoll, treasurer of the library board, gave a report of the library's financial state at present. The Males and Matrons deserve the most credit for our village having the beautiful library building which we now have. There have been many who have given contributions toward the building but it was the Males and Matrons' Club which solicited the majority of these contributions. The proceeds of the banquet were \$300. This includes the proceeds from the dance which was given after the banquet. Music for the dancing was furnished by Orton's orchestra of Newburgh.

The Men's Club is planning to hear the election returns on election day on a radio to be installed in their club room in the Community House. They are also planning to have a turkey dinner about Thanksgiving Day.

A shipment of gifts to the Five Points Mission, New York, was sent by the Ladies' Aid Society last Monday.

The many friends of Dr. A. H. Palmer were saddened to hear of his death at Marlborough last Monday. He was much beloved and esteemed by all who knew him. He was faithful in his service to his patients and everything pertaining to his home town. His place as a physician and citizen will be hard to fill and he will be greatly missed in this town and vicinity.

A meeting of the Milton Melody Club will be held at the home of Mrs. William Rhodes Wednesday afternoon, November 11.

November 17, the Males and Matrons will hold their monthly meeting at the Community House.

Friday afternoon, October 30, the Ladies' Aid Society will hold a meeting at the home of Mrs. Sarah Woolsey.

The Ladies' Needlecraft will hold a meeting Wednesday afternoon, November 4. There will also be a meeting of the Women's Missionary Society on the same afternoon.

The local W. C. T. U. will meet Friday evening, November 13.

The Males and Matrons' Club are planning to have the day November 2, for the benefit of the Milton Library fund. When you come out to vote be sure and bring with you your contribution to his worthy cause for the benefit of the village of Milton. This library is full of books by the most noted authors. There is also plenty of reading matter for the children which is both instructive and amusing. Help these worthy young ladies to get the \$2,000 debt on the new building paid up. You will be happier for so doing.

## "-PROPER TEMPERATURE IN THE NURSERY"

Indian Lake, N. Y.  
May 7, 1925

Dear Sir:

In the cool days of Fall and Spring I was confronted with the problem of how to obtain the proper temperature in the nursery to bathe my wee baby daughter. That was the beginning of our acquaintance with our warm little friend, the *Perfection Heater*. Now at the age of eight, little daughter dresses for school in the comforting glow of our heater (whose number has been increasing to three) and with the family enjoys a cheery breakfast by the aid of the same unfailing warmth.

Always ready, we have found the *Perfection Heater* indispensable in the bathroom and for the many emergencies which arise in every family where a quick source of heat is needed.

Very truly,

Mrs. M. T. BAKER

### "SPREADERS" FOR SPRAYS.

Do Not Increase Killing Efficiency of Mixtures.

The use of glue, calcium caseinate, and soaps of various kinds as "spreaders" for the common spray mixtures used against the insect pests and diseases of apples has failed to give any appreciable increase in the killing efficiency of the sprays in the experiments carried on by the entomologists at the State Agricultural Experiment Station at Geneva. This statement is made by the station entomologist in the report of the director on the work of the station for the past year. The report is now available for free distribution to all those interested in an account of the station's activities.

"No appreciable improvement in the killing efficiency of common spray mixtures was derived from the incorporation of such materials," says the station entomologist with reference to "spreaders." "Theoretical considerations suggest the desirability of adding calcium caseinate to the lime-sulfur and lead arsenate spray as a means of avoiding certain undesirable chemical reactions. The casein material also serves a very useful purpose in the preparation of such sprays as sulfur suspension and lubricating oil emulsions.

The report also touches on spray-

her lines of work having to do with the control of insect pests of fruit and vegetables, and on the numerous other activities of the station research workers.

## Twenty Persons Killed When Train Derails

Flyer "Sunnyland" Derails and Plunges Down Embankment Killing Twenty and Injuring About Thirty.

By Telegram to The Freeman.  
Memphis, Tenn., Oct. 27.—Twenty persons were killed and thirty were injured when the Sunnyland, crack St. Louis and San Francisco passenger train, north bound, from Birmingham to Kansas City, struck a trestle rail and the entire train plunged over a 40 foot embankment between Victoria and Holly Springs, Miss., today, according to an official bulletin issued from the officers of the railroad company here shortly after noon today.

The train was 15 minutes late and was running 60 miles an hour when the engine and 11 coaches left the rails and plunged into the ditch.

J. W. Ryan of Memphis, conductor of the train, was among those killed, it was announced.

A list of the dead and injured could not be gathered until the arrival of the train in Memphis which was expected shortly after noon.

No Aid Available.

Passengers were eating breakfast in the Pullman cars, when suddenly there was a deafening crash and the train catapulted from the rails into the deep cut, the cars piling up on each other like building blocks.

A mad rush ensued, as the panic stricken passengers struggled to free themselves from the wreckage. The frenzy prevailed for hours after the crash which occurred on the 20 mile stretch between Victoria and Holly Springs, and no aid was available.

Uninjured passengers heroically attempted to take the task of caring for the injured, many of whom were jammed in the wrecked cars, but there was little they could do without medical aid, which was long in coming.

Some of the injured were brought to Memphis, others to Water Valley and still others to Victoria, when ambulances from Memphis finally arrived at the scene.

The Known Dead.

The names of the following known dead were received here over railroad telegraph wires:

Faye Jordan, 8 Ninnekah, Oklahoma.  
John W. Jordan, 21, Ninnekah, Oklahoma.  
Miss Ollie Webster, 19, Oxford, Miss.

Mr. and Mrs. O. O. Jordan, Carrollton, Ga.

Relief Train Dispatched.

A relief train has been dispatched from Memphis, carrying nurses, physicians and rescue workers.

Six ambulances left Memphis overland for the scene of the wreck, which is about 25 miles south of this city, when the first reports were received here.

Frisco officials here said that later reports to them indicated the death list might run considerably higher than the early estimates of 20, although they have received no definite report of figures.

Conductor Killed.

J. W. Ryan, 40, of Memphis, conductor of the train was among those killed, according to early reports to the Frisco officials here.

The seriously injured included D. McDowell, Memphis, L. D. Tallichet, 40, of Tupelo, Miss., Roger Martin, Memphis, and Mrs. Mabel Hendricks, Memphis.

Great Confusion.

The greatest confusion prevailed at the scene of the wreck, and identification of those killed was not attempted during the first hour or two, as railroad employees and rescue workers concentrated their efforts on the task of removing and caring for the injured.

The wreck occurred at an isolated spot, ten miles from the nearest village, and communication was slow and difficult.

The train, known as the Sunnyland, ran between Birmingham and Kansas City. The flyer was speeding at sixty miles an hour, when the rails spread and the entire eleven cars, carrying 200 passengers, plunged headlong down the 40 foot embankment.

Croup Relieved Without Dosing

Too much dosing is harmful to a child's delicate stomach. Often it lays the foundation for ill health in later life.

The next time a child seems croupy in the morning apply Vicks over throat and chest and cover with a warm flannel cloth. Leave the bedclothing loose about the neck so that the arising vapors may be freely inhaled. This usually prevents a night attack.

If croup comes on without warning an application of Vicks usually brings relief in 15 minutes. Vicks can be applied freely and often, even on the youngest child with perfect safety.

## Ultimatum of League Heeded

Greece and Bulgaria Heed Ultimatum of League Council to Withdraw Troops—Flight of Refugees a Miserable One.

By Telegram to The Freeman.

London, Oct. 27.—Greece and Bulgaria have heeded the twenty-four-hour ultimatum of the league council to end hostilities and withdraw their troops peacefully.

Staff officers of the Greek and Bulgarian forces will meet at Demirkapu at four o'clock this afternoon to re-establish frontier guards.

The Greeks will then withdraw as rapidly as possible and the Bulgars will make no advance.

These definite announcements were given out from the Greek delegation here today.

Nightfall will see the evacuation underway. The possibility of further outbreak was minimized by the agreement of the Bulgars not to occupy the territory vacated by the Greeks until the Greeks have progressed beyond the frontier and into their own territory.

Indications today were that the zone of trouble was quiet, with small possibility of further outbreaks to complicate the problem of the league council, now in session in Paris to determine the origin of the border fighting and the best means of making peace secure in that section of the Balkans.

Reports from Vienna last night were the Greeks had extended their front, but it was believed that such activity, if accurately reported, would end with the announced intention of peaceful retirement.

Disputes from Bulgaria told of pitiable conditions obtaining among the Bulgars who had been forced to flee from their homes during the border trouble.

Refugees from Petrich and from nearby towns which were under Greek artillery fire were camped in the open. Steady rains have made their plight a miserable one. They have had no shelter whatever, and in some cases the refugees were reported without food.

NO TRACE OF BODIES OF PUBLISHER AND EMPLOYEE

By Telegram to The Freeman.

Troy, N. Y., Oct. 27.—Hope that John M. Francis, publisher of the Troy Times, and William Wood, an employee of the Times Company, has escaped drowning in Round Lake when their boat was capsized by a terrific gale on Sunday, has virtually been abandoned today.

State Troopers have been dragging the lake for the last 24 hours but no trace of the bodies of the two men has been discovered.

An overturned boat in which the men were hunting duck was found floating on the water near where they were last seen alive.

Francis's grandfather, the late John M. Francis, once served as American ambassador to Austria. He was the founder of the Troy Times.

In Memoriam.

In loving memory of my dear daughter, Alice E. Hempstead, whom God called to rest seven years ago today, October 27, 1918.

Soft and bright the stars are shining, On a far and lonely grave, Where there sleeps one I loved so dearly.

Whom we tried so hard to save. Days of sadness still come o'er me. Tears in silence often flow. For her memory still clings near me. Though she died seven years ago. We saw her suffer day by day. It caused as bitter grief to see her slowly pass away. And could not get relief. She is not dead to me, I loved her dearly.

Just called and came before To her home of eternal happiness. To dwell forever more in peace and rest.

Monday evening was a big night at Rondout Lodge, No. 243, F. & A. M., when the officers and members of Kingston Lodge No. 10, F. & A. M., paid a fraternal visit and conferred the Fellowship degree on a class of five candidates.

Earlier in the year Rondout Lodge had visited Kingston Lodge and conferred one of the degrees on a class of candidates. Several hundred Masons gathered in the downtown lodge rooms Monday evening to witness the impressive work of the second degree, which was exemplified by the brethren of Kingston Lodge.

At the close of the work the lodge held a social session and refreshments were served. Master Clarence S. Rowland of Rondout Lodge, presiding as toastmaster, called upon members of both of the lodges who responded with brief and interesting addresses.

The Fellowship Club of Rondout Lodge is planning to hold a big Masonic dance at the armory on Friday evening, December 11. The proceeds will be placed in the Masonic Temple building fund. Attention of the brethren was also called to the coming fair to be held in November at the Masonic Club rooms by the members of the club assisted by the members of the Eastern Star, No. 10, Monday evening the Master Mason degree will be conferred on a class of candidates by Rondout Lodge. During November a number of interesting sessions are being planned by the officers of Rondout Lodge.

New Paltz, Oct. 27.—Last Wednesday evening, October 14, relatives and friends of Mr. and Mrs. David W. Corwin gave them a delightful surprise at their home on Church street, the occasion being the 40th anniversary of their marriage. Mr. and Mrs. Corwin were married at the home of the bride, which is now the Herman D. Jenkins farm on the Minnewaska road, on October 14, 1885, by the Rev. Am Vennema, then the pastor of the New Paltz Reformed Church. Mr. and Mrs. Corwin have two sons and five grandchildren, all of whom were present, with other relatives and friends. An enjoyable evening was spent, and dainty refreshments served. At a late hour all departed wishing Mr. and Mrs. Corwin many more enjoyable anniversaries.

A Coming Wedding.

The wedding of Miss Henrietta Scott and Clyde Miller of the Elverhoj Art Colony, Milton, will take place November 4 at 4 p. m. at the home of Mr. and Mrs. R. A. Weed on Church street, Milton. The Rev. Henry F. Wilke of Germantown, Pa., will officiate at the ceremony. The Rev. Mr. Wilke was a former pastor of the First Presbyterian Church at Milton.

Sorority.

Sorority held an interesting meeting at the home of Mrs. Church on Monday afternoon. A paper on "Nihilism" by Mrs. George Styles held the appreciative attention of all present. The roll call of Current Events brought several important matters to the notice of the club members. Mrs. William Kenable was chosen delegate to attend the State Federation Convention at Rochester in November, with Mrs. A. M. Graham as alternate. Next week the club will meet with Mrs. Cora E. # Daddy's Evening Fairy Tale

MARY GRAHAM BONNER

## THE FOG HORNS

Far away from many of the world's places, and yet convenient to places which it is near, is a jagged, rocky, wild coast. Its rocks have never been taught to stand in regular, straight lines, and Nature, busy with so many things, has let them have their own way. Nature is an indulgent mother. She lets so many of her children do as they choose, the winds, the excitable snowflakes, the fogs, the rains, the silent storms.

So have the rocks behaved as they chose, standing here and standing there. Rough edges have not been smoothed. Those that wanted to lie down in the water and only be noticed when lighthouses or buoys gave warning, have been given their way. Some have gone far out into the water eager, it would seem, to find out what lay beyond, to feel the older ocean outside the coves and bays and harbors.

The ocean has sprayed over them, washing them with her cold, salty, foamy breakers. Sometimes she has dashed so hard over them that other, lesser objects could not have stood her terrible ways.

But the rocks have loved all this. They have stood as firmly as ever, answering the ocean's roarings with echoes and with shouts. "Come along," they have shouted. "Come along and dash over us. Hurry, hurry, rush and tumble and fall with your great mighty tumblers, old ocean. We enter into the spirit of your game. We may stand still on quiet, windless days and let your waters fall softly over us, or playfully into our caves and hollows and caverns. We may let the sun shine down on those of us that stay above the water, or we may let the blue green of your deep loveliness always keep us covered where we lie under your surface."

Many have been the terrible storm the rocks have seen and been a part of, too, for that matter. Many has been the lonely wreck of a vessel they have witnessed. And when morning has come—or calm has come again—they have shown neither by sign nor sound that they had ever been anything other than beautiful and serene.

But greater than the storms, more powerful at any rate, have been the fogs.

They have come up when storms were raging and the sea has quieted

"You Can't See Outside My Blanket."

down to listen to the strange silence of the fog as it comes in its great, thick blanket.

"Now," the fog has said, "you can't see anything. You can't see outside my blanket. Can you?"

And the rocks have stood up in the thick, thick greyness and have uttered not a single word.

The ocean has washed over them and the ocean could only feel the rocks and the rocks could only feel the ocean. They could not see each other.

But the buoys have rocked a little and sung in their clanging bell-like way, steadily, steadily. "Beware, Clang-clang. Beware, Clang-clang. The rocks are here. Beware, Clang-clang."

And the lighthouses, hidden in the fog's great blanket have blared the fog horns.

"Boom-boom," the foghorns have shouted in their low, deep, muffled voices. But their voices have risen above and through the fog and have sent their blessed warnings to flitting schooners, vessels, big boats, little boats.

"Boom-boom," the foghorns have shouted in their low, deep, muffled voices. But their voices have risen above and through the fog and have sent their blessed warnings to flitting schooners, vessels, big boats, little boats.

Strangers coming to live along the coast for a day or so of a month or so have thought the foghorns forlorn sounding horns. Depressing they have called them.

But the people who live along the coast take new hope in their hearts as the foghorns boom forth and their loneliness and fear of the great fogs and for those who belong to them who are out in its grey thickness is lightened by the constant booming and clang-clang-clang. For they know the way of the sea and the way of the rocks and the way of fogs, and the foghorns are the great, tireless hopes and comfort of a coast people.

Deep and strong are the fogs. People cannot see each other's houses. They jump into each other along the rocky paths, or the rocky streets. The fogs are so great and so powerful, so terrible great, so terribly powerful. But the foghorns are the blessed sounds that give relief to the hearts of those who live by or on the sea.

## GAS BUGGIES—Where In The Innocent Bystanders Get An Earful.

I DON'T WANT TO INFLUENCE YOU FELLOWS AT THE CLUB HERE, BUT I'D LIKE YOU TO KNOW THE FACTS IN THIS AFFAIR WITH THEM, SO YOU WON'T GET THE WRONG IMPRESSION ABOUT ME—YOU CAN SEE, FROM THAT BILL HIS LAWYER SENT ME THE KIND OF CHEAPSKATE HE IS, HOLDING ME UP FOR HALF THE EXPENSES OF THAT FISHING TRIP AFTER INVITING ME TO GO ALONG—THAT ITEM FOR HIRING GUIDES TO SEARCH FOR ME WHEN I WASN'T LOST IS THE LIMIT—PERSONALLY, I THINK THE CLUB WOULD BE A LOT BETTER OFF IF THEY KICKED THAT PIECE OF CHEESE OUT, BUT OF COURSE, THAT'S UP TO THE CLUB—

WHY DON'T YOU TELL THE MEMBERSHIP COMMITTEE ABOUT IT?

I HADN'T THOUGHT OF IT IN THAT WAY—

IS THIS A CLUB OR A POLITICAL CONVENTION?

DON'T ASK ME HARRY—

THERE GOES ED NOW—THE BIG STIFF—I HEARD HIM PEDDLING HIS DIRTY, UNDER-MANDED PROPAGANDA ABOUT ME—I'LL REPORT HIM TO THE CHAIRMAN OF THE CLUB—THAT'S A RANK VIOLATION OF THE RULES—

I DON'T WANT TO GRAB IN MY PERSONAL AFFAIRS AT THE CLUB, BUT WHEN WE'VE GOT A MEMBER THAT PUT OVER A RANK DEAL ON A FELLOW-MEMBER, YOU SHOULD KNOW ABOUT IT—ED ADMITS TO STAND HALF THE EXPENSES ON OUR TRIP, AND NOW HE DEMES IT—CAN YOU BLAME ME FOR NOT LETTING HIM GET AWAY WITH IT—IS THAT THE KIND OF TRIFE WE WANT IN OUR CLUB?—TELL ME, AM I NOT RIGHT?

UN-NUM—

OF COURSE WE'VE GOT TO PROTECT OUR CLUB—

I DON'T KNOW WHAT IT'S ALL ABOUT, BUT I'M SURE HE'S RIGHT—

THIS REMINDS ME OF SOME—

## FOOD THAT IS LIKED

As mushrooms are usually plentiful in most places up to the frost-killing time, try a dish combining the mushrooms with sweetbreads. Sauté the sweetbreads in a little butter until well cooked—five minutes will suffice, they should have been previously parboiled in slightly acidulated water.

Melt three tablespoonfuls of butter, mix with the same amount of flour and pour on gradually one cupful of chicken stock. Clean and sauté the mushrooms in a little butter, add to the sweetbreads and the sauce, season well, add one-fourth of a cupful of whipped cream and one-half teaspoonful of beef extract. Add a dash of lemon juice and serve in ramekins covered with buttered crumbs. Brown in the oven.

**Vegetable Soup.**—Cook one-half cupful of celery, one-half cupful of cabbage, one-third cupful of carrot cut into small pieces and two small onions sliced, in one-third of a cupful of butter, stirring constantly. Add three-fourths of a cupful of bread crumbs and one quart of boiling water; cook until the vegetables are soft. Add a pint of milk and two tablespoonfuls of minced parsley.

**Stuffed Figs.**—Mash a cream cheese and molasses with thick cream and season highly with salt and cayenne. Make into balls three-fourths of an inch in diameter. Wash and dry the figs, make an incision in the side of each and stuff with the cheese balls.

**Mushrooms à la Newburg.**—Remove the stems and peel the caps from a pound of fresh mushrooms. Cut into small pieces. From the peeling and stems covered with cold water and simmered, make a fourth of a cupful of stock. Put the mushrooms into a double boiler, with a tablespoonful of butter, and cook for five minutes; now set over hot water and add one cupful of thin cream. Drain off the cream after it has cooked with the mushrooms, thicken with two tablespoonfuls each of flour and butter and cook until smooth; add two beaten eggs, the mushrooms, the stock, a dash of salt and cayenne and a tablespoonful of fruit juice or apple jelly.

**SHADY.**

Shady, Oct. 26.—Mrs. Mary Elmhurst of Kingston spent the week end at the home of Mr. and Mrs. Eugene Lloyd.

Mrs. B. C. Bryon and daughter, Kathryn, are spending a few days at the bungalow.

Mr. and Mrs. A. M. Hoyt of Poughkeepsie called at the home of J. B. Hoyt Sunday afternoon.

Mrs. Charles DuBois of Westwood, N. J., spent Thursday with Mrs. Charles Reynolds.

Friday evening, October 30, the Epworth League will give a masquerade Halloween party at the new hall. Everyone is asked to mask as that is to be one of the main features. There will be games and contests and a luncheon will be served. The public is cordially invited to come and spend a social evening.

Mr. and Mrs. Gerald B. Reynolds and son, Donald, were entertained to dinner Sunday at the home of Mr. and Mrs. Lincoln Mac Daniel.

Several from this place attended the Rebekah Lodge installation held at the I. O. O. F. lodge room last week.

**WHITFIELD.**

Whitfield, Oct. 26.—Mr. and Mrs. Dewitt Hornbeck and little daughter Beverly Ruth and Mrs. Reynolds of Schenectady spent a week's vacation with Mr. and Mrs. Simon Hornbeck.

Mrs. Della Davis spent the week-end at her home in this place.

Mr. and Mrs. Severin Barley and son, Severin, Jr., of Virginia are spending a two weeks' vacation with Mr. and Mrs. Dewitt Barley.

Mr. and Mrs. George Stokes and daughter Edna spent Saturday evening in Kingston.

Mr. and Mrs. Arthur G. Davis entertained at their home on Thursday Mr. and Mrs. Simon Hornbeck and son Ernest, Mr. and Mrs. Dewitt Hornbeck and daughter Beverly and Mrs. Reynolds of Schenectady and Arlington D. Brown of Leshland, Calif. Wood spent Sunday with his parents.

Mrs. Dewitt Barley who has been sick, is improving nicely.

## Soft Coal Will Be Sold in N. Y.

By Telegram to The Freeman.  
New York, Oct. 27.—Danger of a fuel shortage this winter in Manhattan and the Bronx was eliminated today when Major General Charles W. Barry, chairman of the state coal commission, announced that dealers have agreed to lay in supplies of soft coal. Orders have already been placed for immediate delivery of 250,000 tons.

Barry made this announcement after a conference with Health Commissioner Frank J. Manahan and George J. Zito, representing the dealers at which a price ranging from \$7.50 to \$8.50 a ton was agreed upon. This includes the cost of delivery.

As a result of the dealers' action, Barry said, the menace of a fuel shortage has been eliminated and the city's promise to sell bituminous if the dealers refused obligated.

## STRIKE OF WEAVERS

AT AUBURN SETTLED

By Telegram to The Freeman.  
Auburn, N. Y., Oct. 27.—The strike of weavers of the Auburn woollen mills is settled today. The employees, out of work for several weeks, will return at a ten per cent wage reduction.

Settlement followed an appeal to weavers by Mayor Roy A. Wolf, and City Manager John P. Jauchel at a session of weavers, which opened last night and continued until early this morning.

The strikers are accepting the reduction with the understanding that if business increases and warrants it, the old scale will be restored.

## Agreement Ahead In French Debt

Is Belief of Administration Spoken, Resulting From Fall of Collusion—French Industrialists Expected to Take a Hand.

By Telegram to The Freeman.  
Washington, Oct. 27.—The fall of the French government, carrying with it Joseph Caillaux, within three weeks after that reputed wizard of finance had failed to negotiate a settlement of the French war debt to the United States, created profound interest in Washington today.

The belief was generally expressed by administration spokesmen that this political convulsion in Paris will result ultimately to the benefit of an agreement on the debt.

While it was generally recognized that internal politics was at the bottom of the overturn, some officials here listed the failure of the Franco-American debt negotiations as one of the main contributing reasons.

The big French industrialists want the debt controversy settled because it will improve French credit throughout the world, tend to stabilize the falling franc, and have a general stabilizing effect on French commerce.

The failure of M. Caillaux to reach an agreement in Washington was followed by a barrier being erected to any more French credit in the American money market, by the rapid decline of the franc, and by French credit all over the world falling under more or less suspicion.

It was these same big French industrialists who stepped in and settled the Ruhr problem after the politicians had kept it burning for months. Officials pointed out today. The steel and iron interests of France and Germany got together and compelled their respective governments to get together.

Some such similar process from French business is now looked to bring about a resumption of the Franco-American debt negotiations, irrespective of what political leaders in France head the new government.

Debt negotiations with Italy will open at the treasury on Monday and confidence was expressed by administration officials today that the French failure will not be repeated.

## BRITTON PAYS \$20.55

FOR THREATENING OFFICERS

By Telegram to The Freeman.  
Miami, Fla., Oct. 27.—Jack Britton, former welterweight champion of the world, has lost a decision to the law.

Britton was counted out by Judge Cowart at Coconut Grove near here, to the tune of \$20.55 on the charge of interfering with an officer. Three policemen testified the ex-champion threatened them when they attempted to arrest Ralph Morton, Britton's companion, for speeding.

Furthermore, the police charged Britton offered to whip the entire police force at Coconut Grove single handed. None of the 12 men included in the offer accepted the challenge, it was said.

## MAY ORDER MARTIAL

LAW IN CHILE

By Telegram to The Freeman.  
Buenos Aires, Oct. 27.—Martial law may be proclaimed in Chile as the result of the general strike there, according to reports received here today.

All transportation lines are affected and business places are closed, but banks continue to do business. Street clashes in Santiago have resulted in a number of casualties, but no accurate reports of the wounded have seeped through.

## Maquerade at School No. 1.

A Halloween masquerade dance will be held at School No. 1, on Friday evening, October 30. Good music, refreshments and a grab bag are the special features.

## Autoist Is Killed While

Saving Bulldog From Bee

Morrisstown, N. J.—Frank Reigart, sixty-one years old, of 172 Roseville avenue, Newark, president of the Electrical Alloy company of Morrisstown, was killed near here when a car in which he was driving with a Japanese servant and a bulldog crashed into a telegraph pole between Whippany and Hanover.

Mr. Reigart and the Japanese, Satoro Hatanaka, who was in the rear seat, each saw a bee alight on the bulldog. Both leaped over to brush it off. Mr. Reigart released his hand for a moment on the wheel and the car hit the pole. Some glass from the windshield penetrated his chest and when physicians arrived ten minutes later he was dead. The Japanese and the dog were unharmed.

## Cotton Subsidies

Reutlingen, Germany.—Cutting of cotton imports into Germany by half may result from a new method of weaving cloth with hemp, invented by the German textile expert, Doctor Ostermeyer. The hemp, it is expected, will replace in part the cotton formerly used in the cloth. There are about 1,000,000 acres of hempland in Germany adapted to the raising of hemp.

# LAST WEEK OF AUCTIONEER'S SALE

We Must Vacate The Building  
SATURDAY, OCT. 31st

Now! Wednesday, Oct. 28—One Day Only.

We offer—A Group Sale—for Men

A SUIT AND AN OVERCOAT OR A SUIT AND A TOPCOAT FOR

\$37.00

To make GROUP DAY a real event we will offer a Suit and Overcoat for the price of one garment. This is not merchandise that we bought up for this sale but taken from our stock; the kind we have been selling right along from \$22.50 to \$39.50 per garment. Only 100 of each will be sold at this price and we advise you to come early to get the best selection.

NOTE: We will not sell one garment to any customer but you may bring your friend, father and son, or two brothers and each can get a garment, but the sale must be two (2) garments. You may have your choice of either a suit and an overcoat or a suit and a top coat. This surely will be the biggest event ever held in Kingston.

## The SUITS!

The Suits are made of very fine quality serges, pencil stripe, chevrot, all wool worsted and many others. Double breasted, as well as single breasted. The workmanship is the finest. Needless to say that these are the clothes on which AVENT BROS. built their twenty-three year reputation.

It is a real feast when you can buy such merchandise at such low prices. It is only because we must be out Saturday night and we prefer to sell everything rather than move it to our other stores, therefore we disregard value or cost. We feel certain that the 200 garments put on sale will not last throughout the day. We sincerely advise you to come early.

All sizes for men and young men and stunts up to 50. Some have two pair trousers.

## THE TOPCOATS AND OVERCOATS

The Topcoats and Overcoats are made in the newest style box coat as well as belted models; also in Ulsters. The fabrics are without a doubt the best. They were never intended to sell at such low prices. The colors are the newest. All are hand tailored. You will find amongst them overcoats for the young men as well as for the conservative wearer. When you see them you will wonder how it is possible to sell this class of merchandise at these prices but we have the answer.

We are auctioneers and buy for cash and cash only. We buy when the other fellow needed the money or is ready to retire. We take every advantage to make our purchases right. And in order to be in a position to always buy when we are called upon we must turn our merchandise over quickly and satisfy ourselves with a very small margin of profit.

We feel certain in saying that at the prices we are selling this merchandise you are not only saving the storekeeper's profit but you are buying it way below manufacturer's costs. Prepare yourself for other purchases as you will find many whale of a bargain at this store.

## REISING PLEADS GUILTY

TO CARRYING FIRE ARM

By Telegram to The Freeman.  
New York, Oct. 27.—Eugene Reising of East Hartford, Conn., inventor, pistol expert and alleged to have supplied pistol silencers to the notorious "Cowboy" Teaser gang, pleaded guilty when arraigned today on a charge of unlawfully possessing a fire arm. He will be sentenced on November 10.

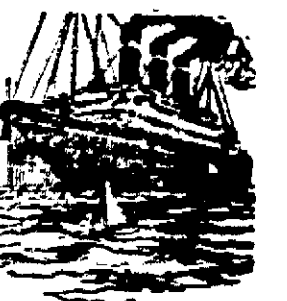

Reising recently pleaded not guilty to possessing a gun silencer. He is alleged to have supplied the gang with silencers in exchange for stolen automobiles, but claims he was the dupe of the gang.

Reising was the national pistol shooting champion for five years and was employed by the Colt company as a revolver expert. He taught the Connecticut police and national guard the correct use of the pistol.

# TO PUBLIC OPINION

This is the cry of most of the inhabitants of six of the principal towns of Ulster County for redress for wrongs inflicted.

The one improvement which towns are permitted from the public funds is improvement to the highways.

In this respect they differ from cities and villages which are permitted improvements at the public expense of paved streets, water, sewers, gas, electricity and fire and police protection.

Improved highways afford the inhabitants of towns means to easily transport their products to market, facilities for easily reaching cities and villages for purposes of business or pleasure, and brings the traveling public to such towns.

All property owners in the towns pay their share of the taxes, and all automobile owners pay license fees, which constitute the public fund for highway improvement.

Where towns are denied their proportionate share of the funds for highway improvement the inhabitants of these towns have suffered a wrong for which there is no redress but at the forum of public opinion.

In 1923 there was available in Ulster County funds for highway improvement amounting to \$157,000.00, and in 1924, a fund of \$180,000.00, making a total of \$337,000.00, about one-third of \$1,000,000.00.

All of the towns in Ulster County had roads that needed improvement and each town was entitled to a proportionate share of this public fund for such improvement. This fund was apportioned by a Republican Board of Supervisors.

In 1923, the towns of New Paltz, Lloyd and Shawangunk were apportioned nothing from this fund for highway improvement.

In 1924 the towns of Saugerties, Olive and Rochester were apportioned nothing from this fund.

These six towns containing about 20,000 inhabitants were represented by Democratic Supervisors.

The understanding of the State Commissioner of Highways, when he refused to approve of the apportionment of the Board of Supervisors, was that the money was withheld from these towns because they were represented by Democratic Supervisors. (see his letter in previous advertisement in Freeman); and his refusal was upheld in the Appellate Court.

The Republican machine in Ulster County is the best organized and most efficient in any county in the State of New York. It has one head that formulates its policies and decides what action shall be taken.

Can voters be driven, like sheep, to support this machine under fear of the penalties it is able to inflict?

The Town of Olive, under unanimous resolution of its Town Board, Democrats and Republicans, is now in the Courts endeavoring to compel the Republican County Superintendent of Highways to release the \$10,000.00 appropriated to Road No. 20 in this town so that it can be completed. Although the Court stated that the County Superintendent of Highways should submit a list of names to the Town Board for approval as overseer of this road, he refuses to submit any names. This road is stalled. The Town of Olive is represented by Lester B. Davis, a Democratic Supervisor. The policies of 1923 and 1924 are continued in 1925.

The only redress is to abolish Republican machine domination.

The voters may be interested in knowing how the machine deposits the public funds. The County Treasurer's records show these deposits, and for the year 1925 they are as follows:

|   |                |
|---|----------------|
| Kingston Trust Co.                                    | \$1,352,599.30 |
| Kingston Trust Co., branch                            | 22,575.02      |
| Rondout National Bank                                 | Nothing        |
| National Ulster Co. Bank                              | 6,494.46       |
| First National Bank of Rondout                        | 15,578.79      |
| State of New York National Bank (Court and jury fund) | 14,864.05      |

The Chairman of the Republican County Committee is the President of the Kingston Trust Company.

The County Attorney and Secretary of the Republican County Committee is the Trust Officer of the Kingston Trust Company.

The present County Treasurer is the Vice-President of the Kingston Trust Company.

The Republican nominee for County Treasurer in the present campaign is a Director of the Kingston Trust Company.

The Republican machine has controlled Ulster County since 1905, a period of twenty years.

Is it not time that all the towns in this County and the inhabitants thereof, who pay the taxes, and our banking institutions have a square deal?

The only remedy is to change the Republican political control of Ulster County.

## Ulster County C. E. Convention

(Official Report.)

The Reformed Church at Kerhonkson was the meeting place for Ulster County Christian Endeavorers as they gathered on Friday and Saturday, October 23 and 24, for their Thirty-fourth Annual Convention.

The first session was called to order by President George B. Matthews of Kingston. After the devotional and praise service led by the Rev. C. W. Smith of Hurley, the welcome or greeting to the convention was given by Mrs. Nettie Whitaker, the president of the Kerhonkson Society. President Matthews responded on behalf of the county. The address of the afternoon was given by the Rev. Martin Luther of Port Ewen, who brought to the Endeavorers a most splendid message. After the open parliament which followed the address, the afternoon meeting adjourned. Basket or box lunches were eaten together in the dining room of the church, the Kerhonkson Society serving coffee also sandwiches to any who had forgotten "box lunch." The Highland intermediates enlivened the banquet with songs and cheers.

The evening session was called to order by President Matthews, who presented W. W. Brady of Kingston, who led the "Evening Service." Mr. Brady in his usual pleasing manner put "pep" and life in the music, getting every one in harmony for the further exercises of the evening. The address was given by the Rev. Walter Mainer of Ellenville, who took for his theme "Back to Christ," and very forcefully made it clear that before the world can "Go Forward With Christ," which was the convention theme, it would surely have to get "Back to Christ." It was a message all need.

During the evening the Highland Girls sang unaccompanied "Follow the Glean."

The morning session opened with devotional service led by the Rev. Cornelius Van Tol of Stone Ridge. Then followed the School of Methodists led by several Endeavorers on various phases of society work. At the roll call it was found that several societies were not represented and the report of the treasurer, A. J. Longyear of Phoenixia, showed that a number of societies had not paid their pledges to the budget. If your society is among the number, the treasurer's address is above, and he will gladly receive the amount as funds must be had to carry on the county C. E. work.

The speaker of the afternoon was the Rev. F. W. Moot of Kingston, who took for his subject, 1-1—Better Endeavor. Enthusiastic and energetic as he always is, Mr. Moot gave the convention a very worthwhile message.

The Junior exercises were well given and very interesting.

Dinner was served by the Kerhonkson Society and enjoyed by the seventy or more delegates.

The Rev. James L. Coote of Hudson gave a most inspiring address. Every one will remember the story of the little engine tugging at the loaded cars according to say, "I think I can, I think I can," and when on the down grade seemed to joyfully say, "I think I could, I think I could." His theme was "My Task—To Make Christ Known." Endeavorers should always say like the little engine, "I think I can," never "I can't," for "Trusting God" we need not fear failure.

Committee on resolutions reported, the Rev. H. I. Todd of Woodstock expressing the appreciation of the delegates of the hospitality and generous entertainment of the convention.

The nominating committee, consisting of Mrs. M. E. Maynard, the Rev. J. A. Coffey, Joseph Frankel, L. C. Dixon and the Rev. W. A. Dalton, reported and the report was accepted and officers elected and installed as follows: President, L. C. Dixon; first vice president, the Rev. Cornelius Van Tol, Stone Ridge; second vice president, C. Augustus Raschke, Kingston; recording secretary, Miss Ida Burnett, Saugerties; corresponding secretary, W. W. Brady, Jr., Kingston; treasurer, A. J. Longyear, Phoenixia; pastoral counselor, the Rev. W. A. Dalton, Highland; superintendents: Extension, Miss Kate Clearwater, High Falls; good citizenship, C. E. Davis, Flatbush; missionary, Mrs. Charles W. Smith, Hurley; quiet hour and evangelism, the Rev. H. I. Todd, Woodstock; junior, Miss Ruby Kure, Kingston; alumni, Miss Jennie Van Hoesen, Saugerties; conventions and rallies, Mrs. M. Elting Maynard, Highland.

It was with regret that we learned that President Matthews felt he might not accept presidency again for a possibility that he might be leaving the county. We do appreciate his endeavors as president the past year and hope Ulster county may claim a faithful C. E. worker for years to come.

The closing words of the convention were given by the Rev. J. A. Coffey of Phoenixia, taking for his theme "Will the Fire Burn?" It was a stirring address and everyone hearing it seemed moved to answer: "Yes, the fire will burn—we'll keep it burning."

Before singing the closing hymn President Matthews presented a trophy of C. E. Shield to Highland C. E. which had twenty-one registered delegates making a mileage total of 735 miles. This trophy is held for three consecutive years becomes the property of that society, but at each convention it goes to the society having greatest mileage to its credit. Highland young folks have determined to hold it for three years that they may then call it their own.

Every C. E. Society in Ulster county should make the same resolve: Try to win this trophy next year and make Highland battle to keep it.

The Misses benediction closed the convention: "May the Lord watch between me and thee while we are absent one from the other."

While canvassing my ward the other day I found a sum of money. If the owner can prove ownership I will gladly return same. I would ask you to please put this in the news column as it may attract more attention. Thanking you for your space I am Yours Truly,

ISAAC A. ABRAHAM.

# CHRYSLER FOUR

## Performance and Beauty That Appeal to Those Who Know

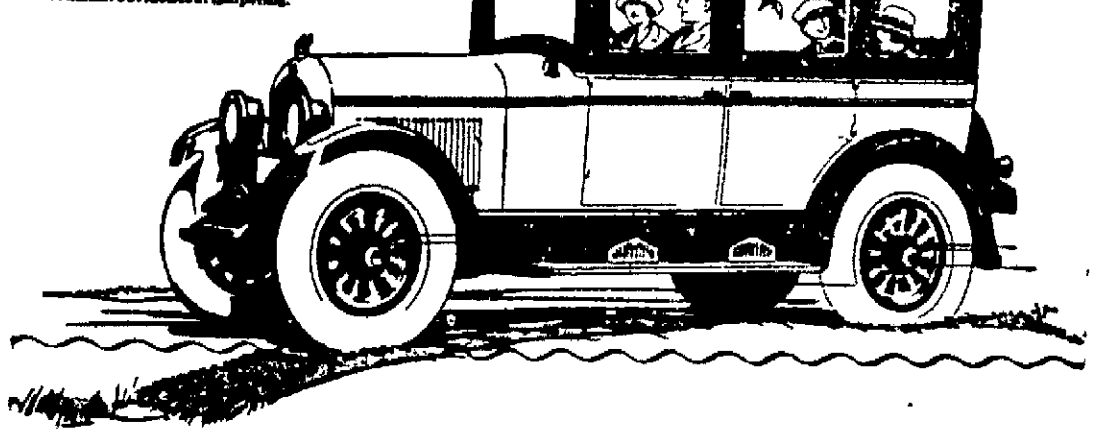

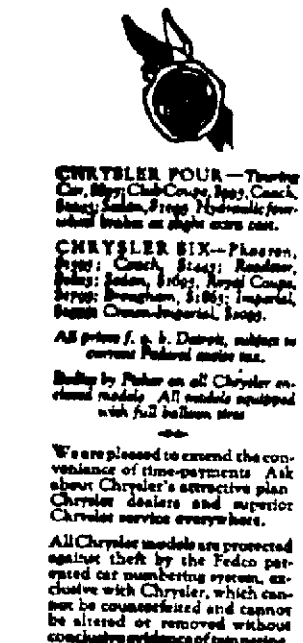

The nation-wide popularity of this new quality Four is due to the enthusiasm of men and women who say they have never seen its equal for comfort, beauty, ease of handling and performance.

These characteristics, so uniquely Chrysler, are the result of the application, for the first time, of the proved scientific engineering of its famous companion car, the Chrysler Six, to four-cylinder practice. Linked to this is a degree of manufacturing skill and accuracy found only in Chrysler products.

Women who like fine things are captivated by the Chrysler Four beauty of line and coloring, by its restful riding and handling—the result of Chrysler-designed spring suspension and pivotal steering, together with balloon tires.

They appreciate in particular the greater safety of Chrysler hydraulic four-wheel brakes, furnished on this new Four at slight extra cost for the first time on any car of like price.

Test these distinctive Chrysler Four advantages yourself. We welcome the opportunity of a demonstration.

THE AFGHANISTAN YOP.

These docile beasts are raised from the tadpole to full-grown yops by the native Afghan tribesmen in the valleys of the Hindu Kush Mountains. At forty years of age, when their whiskers are long enough, they are broken in for caravan work and are used for transporting portable shower baths from the bathtub factories in the mountains down to Kabul. The yop is a one-way creature, being able to go down the mountains but never up, for his short hind legs would cause him to tip over backward when going up a steep hill.

The venerable yop shown here has just arrived in Kabul with his load of shower baths for the dock workers in the Afghan merchant marine.

The pecan body, filbert head, clove horns, toothpick legs, split almond feet, and coconut husk whiskers all go to make up this curious creature (Metropolitan Newspaper Service) (Tomorrow—The Frizzled Fly-nipper)

## K. H. S. to Play St. Stephen's

The Kingston High School football squad will start on the second half of its season schedule this Saturday by lining up against the St. Stephen's Freshmen, a team which was defeated 13 to 10 in a thrilling battle by Newburgh High last week.

Last season the K. H. S. eleven trimmed the Saints in an exciting combat by a 7 to 6 tally.

But nevertheless Anandale has the best looking football squad in the history of the college this season according to Father Dray, coach of the St. Stephen's eleven.

The Saint squad is headed by Pete DeLaria, a full-blooded Indian who has made the Fresh team a scrappy aggregation.

Couch O'Leary is far from pleased with the showing of his aggregation which have met defeat at every turn and is especially disheartened because of their overwhelming trimming at the hand of Port Jervis team.

After two weeks of league playing Port Jervis and Middletown are the two most likely contenders for the DUSO crown from the viewpoint of their present records. Both of these aggregations have accomplished two victories without any losses.

But from the angle of comparative scores Port Jervis is again threatening to top the league honors. For both these top rate grid teams have battled the locals with the Port team having trimmed Kingston by thirty-four points more than the Middletown team.

The local high school team, the only other aggregation that has played two league matches obviously has been up to its neck in trouble, materially, as shown by the following league standing:

## DUSO League Standing.

|              | Won | Lost | Pct.  |
|--------------|-----|------|-------|
| Port Jervis  | 2   | 0    | 1.000 |
| Middletown   | 2   | 0    | 1.000 |
| Newburgh     | 0   | 1    | .000  |
| Poughkeepsie | 0   | 1    | .000  |

## Army Prepares For Yale Game

By Telegraph to The Freeman.  
West Point, Oct. 27.—The Army Mule is starting its final drive to meet the Yale Bulldog on Saturday in the Yale Bowl at New Haven.

Army had rather an easy time defeating St. Louis Saturday. Although the final score was only 19 to 0, it must be remembered that not one of Army's first string line—from tackle to tackle—was in the game. Baxter and Born got in but a few minutes.

Harry Wilson and Chick Harding were also kept out. The second team line which played—and they are Army's best substitutes—did not show up to very good advantage.

McEwan held the regular practice on Monday; especially since half of the first team did not get into the game Saturday against St. Louis. He plans to devote the early part of the week to hard, intensive practice.

Gilbreth, who was forced out of the game with badly torn shoulder ligaments, is expected back to practice by Wednesday. Wandle says that he believes Gilbreth will be ready for Yale. If not, the Army will certainly lose the services of one of their best backs.

All eyes are now turned towards Yale, and this year the Army seems likely to come through.

The smooth-running team that ran so rough-shod over Notre Dame was again in evidence, though for brief periods, against St. Louis last Saturday.

The only question left for McEwan and the other coaches, is to bring the team along to the proper edge by Saturday. McEwan plans fairly hard work to include Wednesday, with Thursday a tapering-off day, and a short signal session in the Bowl on Friday afternoon.

The Army hasn't beaten Yale since 1911, when they won by a score of 6 to 0. The following year Yale turned the tables by the same score. Relations were then discontinued until 1921. The last four games resulted in two ties and two defeats for the Army.

This year the situation seems to be in better favor for the Army, although there is no doubt that the Yale team with all its veterans, will prove to be the hardest team, probably, that the Army will face this year.

Certainly it will be stronger than Notre Dame and in much better physical shape than when it faced Penn. It will probably be one of the finest games of the season.

## Wills Easily Beat Johnson

By Telegraph to The Freeman.  
Newark, N. J., Oct. 27.—Denunciation of the Harry Wills-Floyd Johnson bout here last night was expressed on all sides in sporting circles today. It was the consensus that it was a "bad match"—one that never should have been made.

Ten thousand dissatisfied fans saw the negro heavyweight, challenger of Jack Dempsey, slaughter the Iowa, Wills won in the first round. He battered the helpless Johnson all over the ring and had him out on his feet on the ropes when Johnson's seconds, after two minutes and two seconds of fighting tossed in the towel.

Johnson never had a ghost of a chance. From the tap of the bell the big negro started after his victim. Wills hooked a left to Johnson's head after the Iowa led weakly and missed. As Johnson came close to Wills, the negro pulled to him and smashed him twice in the ribs with hard rights. Johnson gasped. When they clinched again Wills doubled Johnson's left arm back of the Iowa's body and drove a terrific right to the heart. Johnson's knee trembled. In another clutch Wills rocked Johnson with right and left uppercuts. By this time Johnson was wobbly and could hardly hit back.

After another mixup Wills crowded Johnson to the ropes, had him hanging on, and was fighting him when the towel was thrown in.

The sudden ending of the bout drew a roar of disapproval from the fans who crowded the Sussex Avenue Armory.

Johnson was very nervous from the moment he entered the ring. Wills was calm, collected and ruthless. During the bout Johnson protested several times saying: "He's holding my arms."

ably, that the Army will face this year. Certainly it will be stronger than Notre Dame and in much better physical shape than when it faced Penn. It will probably be one of the finest games of the season.

## Soul's Peculiar Voyage

Cached in a half-hollow cedar log which was towed with a raft of logs from Everett, Wash., to Tacoma, was found an old mother seal with a thriving litter of young seals, to which she had evidently given birth after crawling into the log. The happy family, discovered as one of the members stuck its head out of the end of the log, disappeared into the water of the sound before they could be captured.

## Gold Alloys

White gold is an alloy or mixture of metals, and is not mined in the form of the mixture. There are several formulas for different alloys which have the appearance of white gold. Gold is the chief constituent, about 77 per cent being used, with 15 per cent of nickel and 8 per cent of zinc. Of course there are cheaper alloys of a similar color, which may contain no gold at all.

## Yale Must Beat The Army Team

If It Means to Remain Among the Leaders of Eastern Football—Yale's Chances Said to Be Slight With Kline and Cutler on Casualty List.  
(By Davis J. Walsh.)  
By Telegraph to The Freeman.  
New Haven, Conn., Oct. 27.—With either truth or justice, one couldn't say that the Yale attack today didn't have a leg to stand on. That, in fact, seemed to be the main difficulty. It had a leg to stand on, exactly one and no more. The attacking force, all two of them, has suffered a demountable knee and now the good word has gone forth that Yale cannot hope to beat the Army on Saturday.  
The casualties were Kline and Cutler, the former the best plugging back in the squad, the latter its best ball runner. Both, they say, have bogged down with twisted knees.  
One thing is certain. Yale must beat the Army, if it means to remain a leader among the leaders of Eastern football. This happens to be the present status of the Yale eleven; defeated by Pennsylvania, yet rated with the best.  
A semi-veteran team, with the new men outstarring the old, Yale is a team that is just beginning to realize its full potentialities. As a matter of fact, it began to do so more than two weeks ago in the second half of the Pennsylvania game when it scored 13 points and almost tied a score that had seemed beyond control.  
It was at this juncture that Cutler came forward as a real ball runner. Kline, of course, was and is a relic of the Big Three series of last year. Noble and Allen are excellent defensive backs, also blockers, moppers-up and what not. Bunnell is one of the leading quarterbacks of the selection. Flashwick a worthy substitute. Cottle, punter, passer and runner, has been around for three years and hasn't made the rifle yet; so keen is the competition.  
The backfield seems foolproof. There isn't a man in the combination, barring Phil Bunnell, who seems capable of handling the ball cleanly and fumbles have been many and often disastrous. Two of them led to Pennsylvania touchdowns, a third staked Brown to another while at least three more at Providence cheated Yale out of probable scores.  
The line is almost above reproach, except for some uncertainty at center, which is just the place not to have it. Burt, a letter man, had the call under midway through the Brown game. Now Root, a first string substitute forward last year, and Sturhahn, 1924 regular guard, are being considered for the spot.  
The tackles are well handled. Joss, possibly as good as you will find this side of the Alleghenies, plays one of them. Ben Butterworth, son of the famous Frank, is at the other. Vandergrift, Denton and Daniel form a trio of adequate substitutes.  
The regular ends are Potts and Stanley Gill, another son of an ex-Yale star.  
Webster and Richards started the Brown game at the guard positions, which means that they are far from bad. If they weren't Sturhahn and Root would have had the places long since.  
That is the 1925 Yale team. Lots of veterans, lots of class, lots of fumbles.  
Scarf Cravats Fashionable  
The little scarf cravats are now considered smarter than the regular scarves and are superseding them. They harmonize nicely with the little hats that continue to be fashionable. These scarf cravats come in plain colored crepe and have the ends embroidered. They are worn loosely knotted around the neck with the short ends hanging down the front and give a chic effect when worn with the appropriate top coat.

## STIFFNESS AND ACHE GONE IN ONE NIGHT

Sportsman is "as good as new" after one treatment  
Sportsmen have learned a simple way to take out pain and stiffness when they get lamed up from exposure or over-exertion.  
A Philadelphia sportsman writes that he caught cold in his back while out gunning and the next day found himself so stiff and lame he could hardly bend.  
"I went to work, but had to come home," he writes. "I applied Sloan's freely and went to bed. The next morning I was as good as new, thanks to the quick and sure action of Sloan's Liniment." (Name and address given on request.)  
It is amazing what Sloan's does for any kind of muscular pain. Just pat it on lightly. No need to rub. Sloan's alone does the work.  
Instantly it sends a healing tide of fresh, new blood right to the sore spots. Your muscles limber up, stop aching and get back their tone. So clean and pleasant to use, too. Get a bottle today. All druggists—35 cents.
